

MY FLEET STAY CONNECTED

RETROFIT KITS

Sandvik MY FLEET remote monitoring system will help you take control of your equipment. With access to a wealth of machine data at your fingertips you will be able to plan, run and service your equipment more efficiently.

Retrofit kits will be available for all 1 Series Q Range mobile crushers and screens.

With our retrofit kit, you will have access to a wide array of parameters enabling you to eliminate the guesswork and provide the hard data required to make informed business decisions.

DATA AVAILABLE 24/7

This data is accessible online 24/7 365 days a year via our cloud solution. This features your customizable dashboard and is responsive for ease of use.

Now available with 7 year data subscription.
